

# Open Wide

Early Years and Primary Learning  
at Thackray Museum of Medicine

# We're back!

We're here to help you inspire students:

To gain curriculum-based knowledge

To understand more about caring for ourselves

To think about careers in healthcare

## How it works

### **VIRTUAL WORKSHOPS:**

We have adapted some of our workshops and talks to create exciting new virtual workshops. We will bring all the excitement and fun to your classroom through the wonders of technology in these fully interactive and engaging sessions.

### **OUTREACH:**

Let us come to you, removing the stress of planning a school trip. We have workshops for all ages, delivered by our experienced staff in your classroom.

### **SELF-LED TRAILS:**

There are 11 new galleries to explore with our self-led trails on subjects from history, science, PSHCE and design. Student entry tickets allow

you to tick off several subjects in a day's visit. Trails are downloadable from our website.

### **BOOKABLE WORKSHOPS:**

Top up your students' knowledge with workshops on curriculum-based themes for an additional charge.

### **FREE TEACHER VISITS:**

Plan your trip in advance by visiting for free with your family.

### **TEACHER CPD:**

Join us to top up your understanding and get to know our new programme in our termly CPD sessions. Email [learning@thackrymuseum.org](mailto:learning@thackrymuseum.org) or check our website for more information on these sessions.

## EYFS

### Adventure Bags:

A free resource for all pre-booked, self-led groups of little explorers. Please note this resource may not be available due to current COVID-19 restrictions.

### Workshops:

#### STORYTIME WITH DR CROC THE DENTIST

Through the fun and fascinating power of storytelling, join Dr Croc

as she tells of tooth-related tales for under 5s, focusing on the importance of brushing our teeth.

*45 minutes*

#### MISS POLLY HAD A DOLLY

Meet your poorly patient and learn how to care for them in our mini ward, then go on a hunt around the museum galleries looking for ways to help make your little person better.

*45 minutes*

## SEND Groups

### Self-led trail:

#### BODY BAGS

Grab a bag and make your way around the galleries, hunting for clues in this fun and interactive gallery trail for all SEND groups. This trail is included in the cost of a day ticket for all pre-booked SEND groups.

With good notice, we would be happy to work with you to adapt our sessions to meet your SEND requirements. Please give the team a call to discuss your needs.

#### KS1

### Self-led trail:

#### WHO LOOKS AFTER YOU?

From your sibling to your school nurse, so many people work together to keep you healthy and look after you when you're poorly. Learn about the importance of self care, effective ways to stay healthy, and discover careers in healthcare.

### Workshops:

#### FLORENCE NIGHTINGALE

What makes a good nurse? Join Florence in this imaginative, hands-on workshop and journey back in time to the foundations of nursing. Also available as an outreach session or a virtual workshop.

### SENSE OF FUN

From 4,000 taste buds to 1 trillion smells, discover how the five senses help us understand the big wide world, and sometimes how they can trick us too!

#### KS2

### Self-led trails:

#### WHO LOOKS AFTER YOU?

From your sibling to your school nurse, so many people work together to keep you healthy and look after you when you're poorly. Learn about the importance of self care, effective ways to stay healthy, and discover careers in healthcare.

#### TIMELINE TRAIL

This chronological self-led trail guides you through the jaw-dropping, eye-opening, spine-tingling history of medicine. What will you discover?

#### HISTORICAL SKILLS TRAIL

A whistle stop self-led tour of the museum, focusing on the use of different source materials and developing historical enquiry skills along the way.

## Workshops

### VICTORIANS ALIVE!

Watch your step and stay close to your Victorian guide as you investigate the lives of real Victorian people in Leeds. See where they lived, find out what they did for fun and discover the everyday health hazards they tried to avoid. Also available as an outreach session or a virtual workshop.

### CURING THE KING

Train as a Tudor pharmacist as our apothecary assistant teaches you how to tend to poor Henry VIII's complex ailments.

### A DAY AT THE WORKHOUSE / CHRISTMAS AT THE WORKHOUSE

Come on now, look lively and stand up straight, you're about to meet the matron! She'll be your guide as you learn what life was like at the Victorian workhouse. Make sure you visit the chapel before sitting down to some well-earned gruel!

Please note this is a full day workshop and occurs on specified dates only, please enquire for more details.

### MASTERING MATTER

Unleash your creative side in this fun design-based workshop which reveals the important properties materials hold and how to harness them to help people.

### SWING IT, SHAKE IT, MOVE IT, MAKE IT!

Exercise for your body and your brain in this fun workshop, exploring how our muscles help us move, and find out how to keep yours healthy!

### SAY AHHH

You'll never feel like you've bitten off more than you can chew again after this workshop! Open wide as we delve into dentistry and uncover the importance of our teeth and the best ways to look after them. Also available as an outreach session or a virtual workshop.
